LIRN Library & Virtual Library Access- Quick Guide

1. To access databases: Starting in your Canvas Dashboard and "select" your class
2. Within each class you will find different resources listed, "click" the LIRN Library Link.
   a. This step will authenticate you as a user and provide access to all CAU databases.
3. From this page you can begin searching through the databases listed using the field on the top right-hand side to the screen, or you can jump to a specific group.

4. To access the Learning Resource Center Library Website, use the left-hand side menu in Canvas and "click" Virtual Library. A page will open with the following message: "To visit the URL, "click" the button below." The library site will open in a new tab.
5. From here you can navigate to different library guides depending on your class and program. There are many free resources available along with tutorials, citation and reference assistance along with tools and technology to help you succeed in your educational goals.
6. Contact the librarian for more assistance.
